VIP Global Magazine is pleased to acknowledge the achievements of the Most Influential Women that were selected for this important issue:

- **Dr. Leketa Hawkins:** Dr. Hawkins candidly shares the challenges she faced early in her career, especially the realization that financial literacy was a sorely neglected area in education. Rather than seeing this as a roadblock, she viewed it as a golden opportunity—an opportunity to educate, to empower, and to make a difference in the lives of many.
- **Dr. Sequanna Taylor:** Taylor's journey is one of historic milestones. As a distinguished figure in Milwaukee's political arena and the first to simultaneously hold two elected positions, she embodies the essence of Black history, standing tall on the legacy of the trailblazers before her. Her anticipated fifth term as County Supervisor, where she also serves as Vice Chair, is a testament to her unwavering dedication to her community.
- **Anna Stevens Bright:** Her mission to empower women is carried out through her writing, public speaking, and daily prayer starters shared on social media. By sharing her journey and the lessons learned, she aims to encourage women to stand firm in their faith and fight for justice, especially when facing an unjust system. Her story is a reminder that with faith, determination, and the right support, overcoming seemingly insurmountable obstacles is possible.
- **Lakisha Rousseve:** A prolific author and storyteller, Lakisha has enriched the literary world with over ten publications, including books, eBooks, journals, and creative pieces. Her work as a collaborator on two best-selling books, one of which has garnered international

acclaim, showcases her influence in inspiring change through written word. Lakisha describes her extensive body of work as "roadmaps" intended to guide readers towards achieving their life's purpose, goals, and destinies.

- *Esther Wildenberg*: In addition to her work with Codebreaker Technologies, Wildenberg has made a name for herself in the realm of personal and professional development. She has successfully hosted over 70 retreats and masterminds globally. Her latest endeavor, the ICONIC X mastermind program, targets women entrepreneurs with significant incomes, focusing on mentoring in the eight forms of wealth and offering unique travel experiences to inspire and create a lasting impact.
- *Kay Ready*: Kay Ready's ultimate goal is to inspire women to believe in themselves and their dreams, becoming agents of positive change in their own lives and in the world around them. Her journey from adversity to success serves as a powerful example of the incredible feats that are possible when one is armed with determination, hard work, and a strong sense of purpose.
- *Dr. Sonia Renay White*: When reflecting on the milestones of her career, Dr. White considers the impact of her work on others as her most cherished accomplishment. "The realization that my contributions make a real difference in people's lives stands out to me. It's incredibly fulfilling to see the positive effects of my work."
- *ShantaQuilette DeVelle*: Beyond her entrepreneurial and philanthropic efforts, DeVelle captivates audiences as a stand-up comedian and motivational speaker. Through humor and potent life lessons, she connects with people globally, encouraging them to embrace their full potential and navigate life's challenges with resilience and grace.
- *Jeanine Searcy*: In 2020, she took the resources and tools she'd developed from her first few house renovations and started Black Girls in Real Estate, an online community to educate and mentor Black women looking to begin careers or network with others in the industry. "I try to do as much as I can to open doors that have been previously closed to us," Searcy said.

During a recent interview, VIP GLOBAL MAGAZINE editor-in-chief, Pasha Carter, made these comments, "My vision is creating a magazine designed to highlight entrepreneurs and encourage them to have a collaborative spirit and work with each other not against each other."
